

2009/2010 GRANT THORNTON APIA SPONSORSHIP

Grant Thornton is one of Australia's leading accounting, tax and business advisory firms, dedicated to serving the needs of privately held business and public interest entities.

We offer a full range of assurance, taxation, reorganization/reconstruction, corporate advisory, wealth management, risk management and specialist business advice services.

In Australia Grant Thornton has offices in Adelaide, Brisbane, Melbourne, Perth and Sydney.

This year, Grant Thornton is sponsoring APIA in a unique way. We have set up a fund raising model that not only has the potential to raise significant funds for APIA, but could also save you money.

One of our specialist areas is lending, and we have decided to offer a cash donation for every loan that is settled for all associates of APIA.

What does this mean and how does it work?

Simply fill out the form provided, or download it from the APIA website, and we will be in touch to review your current mortgage/lending facility at *no cost and no obligation*.

If you decide to re-finance or take out a new loan through us we will donate **20%** of the up-front fee that we receive from the bank, once the loan settles.

This means that you get a better deal on your mortgage and APIA receive a donation; it's a win/win!

We use one of Australia's largest Mortgage Aggregators, Astute. Due to their size it is possible we can get you a better deal on your loan.

We will honor the deal with any loan that can be linked back to APIA at any time, in other words, this is an on-going offer with no end date.
